Report Comments

This report is unique to a teacher (instructor or TA) and class. If the class sections have been merged together, there may be multiple sections represented in this data.

The response statistics at the top of this report show both course and teacher response counts.

The course and teacher response rates can be different, particularly if the course has multiple instructors/TAs. Sometimes students respond to the course questions but not the instructor/TA questions, or students skip the questions for this particular instructor/TA.
